## 1. PEER HELPERS

Struggling to keep up with school work? Fret not!

- **Ad hoc group study sessions** between **1 senior** and **4 juniors**, that are **1 to 2 hours** long, held on **non-CCA days after 5pm**. Seniors must have at least an "**A**" grade for the subject they are teaching. Google forms to be sent out to collate questions from juniors in groups of 4, and 1 senior will be assigned per group.
- Timing and venue of sessions to be allocated by **SCs**, with **no** sessions extending **past 7pm**.
- Seniors will earn **VIA hours** according to the duration of each session, and juniors can gain **inside studying tips** that are not available from teacher consultations, making it a **win-win** situation! ;>

Missing key lessons during competitions?  
Don't worry!

## 2. CCA-TEACHER STUDY SESSIONS

- **Free subject teachers** will be attached to individual CCAs **only** during competition seasons, covering **important lessons** that they have missed, according to the **subject** and **level**. These study sessions will take place **after CCA**, and are **not** compulsory. If **no** teachers are **available**, the session will **not** take place.
- Timing, venue and teacher allocation will be noted by **SCs** via Google Spreadsheet, with **no** sessions extending **past 9pm**.
- Sessions not only function as both a **consultation** and **content tutorial**, but also **encourage teacher-student interaction!** :D
