

# DH53 LOW YI JIA

## Idea Board

### Improving an initiative

#### "Fairprice Initiative"

- a booth in the canteen that provides students with snacks, drinks and other miscellaneous items (plasters, tissues).

## Improvements

### Consistency

- booth is available at certain periods
- ensure that it is a constant support for students who may need things provided when amenities (e.g. bookshop) are closed.

### Payment

- Price list provided for students to follow
- Price list could also be made more prominent by categorising products provided with the price of 1 unit.

### Expansion

- Another booth near the library
- catered towards selling stationery, giving one convenience as they need not travel to the bookshop.
