Back To The Days

Many Dunmanians gave feedback about missing Art, Music and LSP lessons after finishing their lower sec curriculum. This initiative allows upper sec and JC students to have a taste of these lessons again.

These lessons will be opened for one week, after school at different time slots. Each day will be catered to different levels, and the different time slots exist as there will be a maximum amount of students who can take the class at a time. This also allows students to go for all the classes as the timings will not clash. A google sheets will be sent out to the students to indicate the timing which they are attending the lesson on a first-come-first-serve basis. This initiative can improve the welfare of Dunmanians as they take a break from their stressful academic curriculum.

D' MERCH

D'merch is a initiative to come up with a series Dunman High Merchandise, not just the shirt. Some examples are jackets, hoodies, windbreaker keychains, stickers.

Hoodies, Jackets, Windbreakers can be used by Dunmanians on rainy days, in places with air condition or whenever they are cold.

Keychains can be hanged on Dunmanians' pencil case or bag and stickers can be pasted on their laptops etc.

These merchandise can create a sense of belonging to the school in Dunmanians, creating a common identity, and establish a bond between Dunmanians.
