**Hello! I am Huai-En from 5C12. You may be unfamiliar with me as I am a JAE student, but I hope you can find out more about me through this campaign season. I decided to run for Student Council as I was deeply inspired by the SCs during Open House 2019 and I hope that I can contribute back to the school as much as they did. I have quite a few initiatives in mind (look out for my idea board!) but I will need your vote to see them come to fruition! If you find it hard to remember my name, you can refer to me by my initials aka Helium (He). Just like Helium, I hope to take the school to great heights!**
