AIMING TO ENHANCE STUDENT'S WELFARE

Adaptable Trustworthy Optimistic Includer Passionate

Hi! I am Yan Ting from 5C42. More often than not, I can be seen smiling and laughing together with friends in school. The simplest things in life can make me really happy :)

I want to join the student council in order to contribute back to DHS, with my main goal of wanting to improve student's welfare. By playing to my strengths, i hope to enact positive change to the school!
