Hi! I'm Titus from 5C47! I want to join Student Council as I really want to make a difference in Dunmanians' lives. I am passionate about making an impact and to allow you to have a more enjoyable and fulfilling life in Dunman High. One thing that I find very important is to have a school life that is not filled with just studying everyday, but also fun and enjoyment. I want to be able to learn what the students want in their school life and to be able to deliver that to them. I want to be able to bring that joy and satisfaction into your school life so that you will be able to look back and say that you really had a very fulfilling life in Dunman High.
