Hi guys, I am Hong Wee from Sailing. I am your friendly schoolmate that never fails to brighten up the mood of the people around me! I am also good at making the best out of every situation and bringing joy to my friends. I am running for SC as I would also like to reach out to more people and improve student life in Dunman High making our school a happier place. Through this I will be able to give back to the school and grow as a person at the same time.
